A GREAT TERM!

As we wrap up Term 2 we would like to wish all our families a safe and happy holidays. We look forward to seeing you all in Term 3.

It has been a busy term full of varied learning opportunities, excursions and as always lots of fun. Students are loving PJ day today to end the term.

Our Bake & Grind Pie drive was a huge success! We thank everyone for their orders and a huge thankyou to our parents who volunteered their time sorting out the goodies.

There are a number of updates below and significant celebrations during Term 3 - please reach out if you have any questions.

Please continue to check Compass for updates regularly - the calendar feature in the app is also handy for checking out upcoming events!

Acknowledgment of Country
We recognise the Aboriginal and Torres Strait Islander people as the first custodians of the land. We acknowledge the Wadawurrung people and extend our respect to all Indigenous peoples of this continent recognising their cultures as the oldest continuous living culture in human history.

Student Awards:

Junior Award: Felicie for reading/spelling. She has worked hard this semester to learn all of her initial sounds and is now working on learning some trickier spellings for sounds. Well done Felicie!

Senior Award: Emmett for demonstrating pride in his learning. During spelling lessons, we have been exploring embedded clauses, and while working diligently on his information report in writing, he successfully applied this learning. After reviewing his work, we identified several examples of embedded clauses that he had used effectively in his writing, showing his ability to transfer skills across different learning areas. Well done on your commitment to improving and extending your writing skills!

Learning Snapshot

F - 2	In the junior classroom, we have been learning about Australia. We have been reading a range of fiction and non-fiction texts to learn about some of the different places across the country. We are also writing an information piece to show our learning.
3 - 6	Senior students have continued to investigate Science in Mappen. A recent ice melting 'challenge' and time spent creating 'slow' marble runs has been a highlight!
