Yard Supervision Times

A reminder to families of our yard supervision times before school (8:40 – 9:00 am) and after school (3:30 – 3:45 pm). If students arrive before this time in the morning, we ask that they please wait on the back deck for a duty staff member.

Building Works

In exciting news, we have a builder organised to start our scheduled building works. Connellan Builders are now in their 'mobilisation' phase of getting ready to be onsite and start works. Representatives from the architects and builders will be onsite this Friday to complete a walk through. I can't wait to share a start date when this is confirmed.

2022 Parent/Caregiver/Guardian Opinion Survey

WE WANT OUR PARENTS/CAREGIVERS/GUARDIANS TO TELL US WHAT THEY THINK!

Our school is conducting a survey to find out what parents/caregivers/guardians think of our school. The survey is an annual survey offered by the Department of Education and Training that is designed to assist schools in gaining an understanding of families' perceptions of school climate, student behavior, and student engagement. We encourage all families to participate in this survey. Our school will use the survey results to help inform and direct future school planning and improvement strategies.

This year, all families are invited to participate in the survey.

The Parent/Caregiver/Guardian Opinion Survey will be conducted from **Monday 15th August to Friday 16th September.**

The survey will be conducted **online**, only takes **20 minutes** to complete, and can be accessed at any convenient time within the fieldwork period on desktop computers, laptops, tablets or smartphones.

Survey results will be communicated through annual reporting and is used to plan for future learning and school initiatives.

The survey link and relevant code will be emailed out to families along with this newsletter.

Please speak to your child's teacher or contact the school if you would like more information.

One Liners!

F-2 – Junior students have been working on addition strategies in maths 😊

3-6 - Students in the senior room have been working on comparing and contrasting written and visual stories that present a common theme. They have studied the structure and language of each story to find the hook that keeps them interested. The students needed to identify the moral of the story: what is good sportsmanship and how we can BE our best...not just be THE best.
